**STATEMENT REGARDING SUBSTITUTE PAPER COPY OF SEQUENCE LISTING AND CRF COPY OF SEQUENCE LISTING**

Dear Sir/Madam:

In response to a 30 June 2004 Notice to Comply with Sequence Rules, Applicant used the PatentIn 3.2.3 software for the United States Patent and Trademark Office to generate a hard copy and an identical electronic copy of all sequences in the application as filed. The sequence listing was also checked using Checker 4.2.2, with no errors reported. There are now 83 sequences in the application and the Sequence listing. Applicant's attorney has given specific information in the sequence names and in the features section as to where the sequence can be found in the specification.

Applicant hereby asserts that the hard copy and electronic copy are identical. Please note that an electronic copy of the Checker Report is also on the diskette.

Respectfully submitted,

Date: **July 5, 2005**
